Application Fees

Terms

Fees are invoiced annually in May for the following school year. For students joining during the course of the school year, invoices are issued before the enrollment date. Invoices are payable **within 30 days of invoice date**. Regardless of any arrangement made between parent and employer concerning payment of school fees, the parent is always responsible for the payment of school fees for their child(ren). The School reserves the right to modify tuition fees should this prove to be necessary.

Special Note:

We are experiencing unprecedented demand for places at ISB. Please assist us in working with families by either:

- Paying on time to secure your place;
- Letting us know if your plans have changed and you will no longer be needing your place.

Payment Conditions

All fees are due and payable in Euro. Payments can be made by bank transfer to the account of The International School of Brussels at:

Services Not Included in the Tuition Fees

All curricular activities that are a compulsory element in our learning programme for all students are included in the tuition fees.

However, the following services are not included in the tuition fees and are invoiced separately:

- Extracurricular activities, including ISBPlus and outdoor education trips that take place over weekends or vacations (e.g. ski trips);
- The school lunch service;
- The athletic programme travel costs;
- IB and AP related costs (Note: Since not all students take these courses, specific costs applied by the IBO and AP organizations for individual courses are paid by the parents);
- The school bus service.
